WHALE BRANCH ELEMENTARY SCHOOL

**How to Take Care of
your Library Book!**

About Tiger Sharks

Tiger sharks are named for the dark, vertical stripes found mainly on juveniles. Tiger sharks are one of the most feared predators in the ocean.

Tiger sharks range in size from about nine feet to fifteen feet and weigh between 850 pounds and 1,500 pounds.

The following are general rules we teach our students to help take care of our books so many students can enjoy them for many years to come. Please help emphasize these book care rules at home.

Keep books
away from
food or
drinks.

Home of the Tiger Sharks!

Wash hands
before
reading a
book.

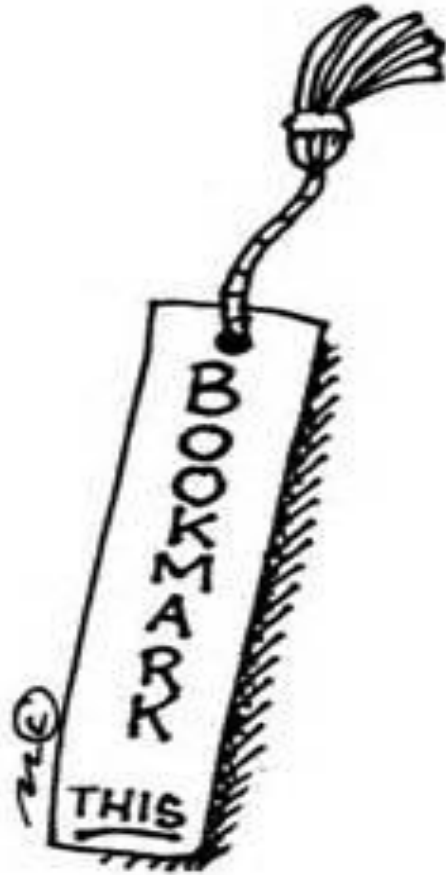

Home of the Tiger Sharks!

Take care in using a book and report all damages to the library media specialist for proper fixing.

Home of the Tiger Sharks!

Use a bookmark for saving your place in a book. Never use a pencil as a bookmark.

Do not turn down pages or turn a book on its 'face'.

Home of the Tiger Sharks!

Keep books dry at all times. On rainy days be sure books are in plastic bags or back packs.

Home of the Tiger Sharks!

Keep books
away from
babies or
pets.
